vtech® Designed to fit your home. And your life.™

DECT 6.0 DIGITAL

Model LS6305

Accessory Handset
with Caller ID and Handset Speakerphone

Push-to-Talk intercom
Use as a multiple handset walkie talkie system to instantly communicate with any or all of the handsets within the system. No need to shout throughout the house anymore.

Handset speakerphone
With the touch of a button, the handset speakerphone makes hands-free conversations easy.

Voicemail waiting indicator
Text message on the handset silently alerts you when you have messages waiting on voicemail provided by your phone company.

Features

- DECT 6.0 Digital technology provides the best sound quality, security and range in cordless phones
- Interference free for crystal clear conversations—won't interfere with wireless networks and other electronic devices
- Protect yourself from identity theft with digital security—your call is digitized and encrypted, making it nearly impossible for someone to eavesdrop
- Equalizer—choose from 4 different profiles to best match your hearing
- Accessory handset only—requires the LS6315, LS6325 or LS6326 to operate; no phone jack required
- Caller ID/call waiting—stores 50 calls
- Handset speakerphone—enjoy hands-free conversations
- 100 name and number phonebook directory—easily store and dial frequently called numbers
- Blue backlit keypad and display
- Handset volume control
- Last number redial
- Trilingual prompts—choose between English, Spanish or French
- Page/handset locator
- Selectable ring tones
- Stylish metallic finish
- Slim handset size

Compatible base models: LS6325-3, LS6325-4, LS6326-5
